# COLD WEATHER GLOVES

## High Cut Protection

WITH EXCELLENT DEXTERITY  
AND TACTILE SENSITIVITY

**41-8156**  
S-2XL

- PolyKor® / Acrylic blended shell is lightweight and provides excellent dexterity, tactile sensitivity, cut resistance and economical cold weather protection
- Nitrile MicroSurface coating provides a superior grip in dry and wet conditions by acting as tiny suction cups that attach themselves firmly to the material being handled
- Touchscreen compatibility allows user to operate a touchscreen phone or device without removing gloves
- Reinforced thumb crotch for extended glove life, enhanced comfort, increased abrasion resistance and added durability in a high-wear area
- Single-layer construction provides excellent thermal insulation and improved dexterity
- Knit wrist helps prevent dirt and debris from entering the glove
- Color-coded hems for easy size identification

**Winter is Coming.**  
**BE STOCKED. BE READY.**

# Water Repellent Liner

KEEPS HANDS DRY IN THE RAIN AND SNOW, WHILE ALLOWING HANDS TO BREATHE

## 41-1328 S-2XL

- 13-gauge seamless liner has a lighter and tighter knit design, ensuring superior dexterity and minimum hand fatigue
- The fine napped nylon/polyester construction with full coating provides extra warmth and an unmatched feel
- Water repellent liner is engineered to repel water to keep hands dry in wet conditions like rain and snow, while allowing hands to breathe
- Latex MicroFinish® coating provides a superior grip in dry and wet conditions by reacting like tiny suction cups that attach themselves firmly to the material being handled
- Extra coating in the thumb area for added safety
- Hi-Vis coloring makes this product very easy to see

# Fully Coated

ALL-AROUND PROTECTION FROM SOIL, DIRT, WATER PENETRATION AND COLD WIND

## 41-1329 S-2XL

- Fully coated for all-around protection against soil, dirt, water penetration and harsh winds
- 13-gauge seamless liner has a lighter and tighter knit design, ensuring superior dexterity and minimum hand fatigue
- The fine napped nylon/polyester construction with full coating provides extra warmth and an unmatched feel
- Full coating on the water repellent liner keeps hands dry and comfortable in wet conditions
- Latex MicroFinish® coating provides a superior grip in dry and wet conditions by acting as tiny suction cups that attach themselves firmly to the material being handled

## CUT RESISTANT INSULATED COATED SEAMLESS KNIT GLOVES

Construction / Material Handling / Utilities / Maintenance

**BEST SELLER**

### 41-1400

- Terry liner provides excellent thermal insulation
- Coating provides a good grip in dry, wet or oily conditions

### 41-1405

- Terry liner provides excellent thermal insulation
- Coating provides a good grip in dry, wet, or oily conditions

### 41-1415

- Hi-Vis wrist for added visibility in poor conditions
- Double-dipped full hand coating prevents liquid penetration

### 41-1430

- Acrylic liner provides an economical alternative for cold weather applications
- Coating provides a good grip in dry, wet or oily conditions

### 41-8150R

- Made from 55% recycled polyester and acrylic
- Coating provides excellent abrasion resistance and a good grip in dry and slightly oily conditions

### 41-1475

- Acrylic gloves provide economical cold weather protection
- Coating provides a superior grip in dry and wet conditions

### 16-820

- Acrylic lining provides economical cold weather protection
- Double-dipped extended coating provides excellent liquid and abrasion resistance

### 09-K1350

- Resistant to light heat and spark
- Coating provides excellent abrasion resistance and grip in dry and slightly oily conditions

# Enhanced Grip

## GENERAL PURPOSE INSULATED COATED GLOVES

Construction / Cold Storage / Commercial Fishing / Frozen Food Processing / General Maintenance

### 41-1420

- Heavy gauge terry liner for added thermal protection
- Ideal for transportation and snow clearing applications where visibility is required

### 41-1425

- Hi-Vis liner for added visibility in poor conditions
- Soft and comfortable, quickly evaporates moisture from the skin

### 56-451

- Double-dipped nitrile microfoam coating provides excellent grip and keeps hands dry
- Glove maintains flexibility in up to -22°F

### 1007OR

- Resistant to light heat and spark
- Coating provides excellent abrasion resistance and grip in dry and slightly oily conditions

### 1017ORF

- Rough coating provides excellent non-slip grip
- Jersey insulation wicks moisture and keeps hand warm

### 58-7303

- Smooth tacky coating provides a good grip in dry and slightly wet conditions
- Foam insulation keeps hands warm and dry
- Knit wrist helps keep out unwanted debris

### 58-7305

- Smooth tacky coating provides a good grip in dry and slightly wet conditions
- Foam insulation keeps hands warm and dry
- Safety cuff is great for donning and doffing
