

DYNA-CLIC™
MAGNETIC CHIN STRAP
PRODUCT INFORMATION

DYNA-CLIC™

TURN YOUR HARD HAT
INTO A SAFETY HELMET

CHIN STRAPS MAKE A DIFFERENCE

Falls account for nearly 33% of all traumatic brain injuries (TBIs) on work sites. A key differentiator between modern safety helmets and traditional hard hats is the inclusion of chin straps, which ensure your head protection won't slip off in the event of a fall or when bending over.

From our innovative Dyna-Clic™ magnetic chin strap to a standard 2-point model, PIP® now offers a complete range of options that make traditional Dynamic® hard hats a much safer alternative on the job site.
