G-Tek[®]
Impact Series

Next generation of hand protection

- > **ADVANCED IMPACT PROTECTION**
- > **OUTSTANDING GRIP PERFORMANCE**
- > **UNMATCHED COMFORT AND DEXTERITY**

More often than not tough jobs put hands at serious risk of impact injury. Workers need gloves with back of hand protection that do not impede performance.

G-Tek[®] Impact Series

Engineered specifically for heavy-duty applications, the G-Tek[®] Impact Series sets the standard for back of hand protection by combining high-density impact resistant TPR (thermoplastic rubber) with the most advanced coated seamless knit G-Tek[®] glove technologies.

ANSI/ISEA 138-2019 standard

- > Assessment of performance: Peak Transmitted force
- > Impact points on fingers and knuckles
- > Three performance levels; 1, 2, 3 from lowest level of protection to highest

PERFORMANCE
LEVEL

General Purpose

34-MP150

- Secure dry grip, durable and resistant to oil and solvent
- Tough wearing glove for medium duty or general purpose applications

APPLICATIONS: Fastening, Material Handling, Shipping & Transport

34-MP155

- Secure dry grip, durable and resistant to oil and solvent
- Tough wearing glove for medium duty or general purpose applications
- Provides performance level 1 impact protection

APPLICATIONS: Heavy Duty Handling & Assembly, Operating Heavy Equipment, Automotive, Shipping & Transport

Cut Resistant

16-MPH430

- Secure grip on dry or slippery oily parts
- Tough wearing glove for heavy duty application that require protection from sharp objects
- Provides performance level 2 impact protection

APPLICATIONS: Heavy Duty Industrial & Construction, Rigging & Chaining, Heavy Metal Fabrication, Demolition, Petro-Chemical

16-MP585

- Strong dry grip, fair on oily surfaces
- 18 gauge PolyKor® X7™ high dexterity with heavy cut protection
- Touchscreen compatible
- Provides performance level 1 impact protection

APPLICATIONS: Rigging & Chaining, Metal Fabrication, Pipe Assembly & Fitting

16-MP785

- Strong dry grip, fair on oily surfaces
- 18 gauge PolyKor® X7™ high dexterity with extreme cut protection
- Touchscreen compatible
- Provides performance level 1 impact protection

APPLICATIONS: Steel Rod & Metal Fastening & Assembling, Ironwork, Heavy Industrial & Construction with sharp parts, Glass & Sheet Metal

16-MP935

- Secure grip on wet or slippery oily parts
- Highest cut rating available for extreme tasks where cut protection is an absolute necessity
- Touchscreen compatible
- Provides performance level 1 impact protection

APPLICATIONS: Handling Glass, Plastics & Sheet Metal, Heavy Metal Fabrication, Steelmill & Papermill
