

G-TEK® 34-840

FOAM NITRILE WORK GLOVE PRODUCT INFORMATION

G-TEK® 34-840
XXS-3XL

ANSI/ISEA 105

THE ULTIMATE BALANCE BETWEEN PROTECTION, PERFORMANCE & VALUE

This premium 15-gauge A1 work glove delivers the perfect balance of comfort, performance, durability and dexterity for a wide variety of applications across multiple industries.

The foam nitrile coating is engineered for dry and slightly oily conditions by dispersing liquids and oils away from the gripping surface.

Ideal Industries

- ▶ Construction
- ▶ Manufacturing
- ▶ Assembly
- ▶ Warehousing
- ▶ Aerospace & Defense
- ▶ MRO
- ▶ Sanitation/ Inspection
- ▶ Fastening/ Anchoring

ENGINEERED TO MEET THE DEMANDS OF HANDS ON WORKERS.

	FEATURE	BENEFIT	
	 15-Gauge Nylon/Spandex Shell	For dexterity and a soft comfortable feel throughout the day.	
	 ANSI/ISEA 105-2024 Abrasion Level 4	Resistant to abrasive surfaces and tools, resulting in reduced wear and a longer lifespan.	
	 Foam Nitrile Coating	Breathable, flexible and good for dry and slightly oily surfaces by dispersing fluids away from the gripping surface on contact.	
	 Touchscreen Compatible	Can be used on touchscreen surfaces without the need to remove gloves.	
	 Silicone & Latex Free	For smudge free handling and a reduced chance of an allergenic skin reaction.	
	 STANDARD 100	Oeko-Tex® Standard 100 Compliant	Free from harmful substances including heavy metals, formaldehyde, pesticides or banned dyes that cause skin irritations.
