#### **Technical Data**

Color	Blue
Sizes Available	
Packaging	
Packed	
Case Dimensions (in)	
Case Weight (lbs)	0.00
Country of Origin	China
Footwear Height	Low
Footwear Insole	
Footwear Width	
Gender	Unisex Adult
Lining	
Material	Leather
Toe Type	
Construction	
Certifications	
Product Circularity	

## PUMA® Safety

Touring Blue LOW SB E P WRU FO SRC Composite Toe Fuil Oil resistant, Penetration resistant midsole, Slip Resistant, Water Resistant Upper, Safety Boots

- MOTO PROTECT SOLE The non-slip, cushioning dual density polyurethane sole is pure motorsport. As with a tire tread, fluids are drained and grip is optimized on every surface. The MTSP Torsion Control element provides additional stability.
- MTSP TORSION CONTROL ELEMENT The extra long and distinctive MTSP torsion control element increases the stability over the entire foot. It ensures an active drive and dynamic running movement.
- PU MIDSOLE The direct attached lightweight PU midsole gives underfoot cushioning, shock absorption and insulation from uneven ground.
- DRIVERS HEEL The rounded and raised outsole in the heel area, inspired by motorsport, supports the natural rolling movement of the foot and protects against heavy abrasion, especially when driving a car or truck.
- UPPER We use high quality, durable materials (e.g. hydrophobic suede leather) that are both water and abrasion resistant.
- EVERCUSHION® PLUS This high performance footbed uses a combination of low density cellular Polyurethane and PORON® to protect the heel of the foot providing superior cushioning and shock absorption. The extra cushioning of PORON® brings long-lasting comfort and performance in a durable material that withstands even the toughest daily wear.

#### Performance Data

ASTM F2413 Requirement

#### Care Instructions

Hand Wash
