

PUMA® Safety

Fuse Tc Green Disc LOW S1P ESD SRC
Composite Toe Electrostatic Dissipative Shoes,
Slip Resistant, Safety Boots

- **ERGONOMIC LAST SHAPE** - The anatomical shaped last ensures a better wearing comfort.
- **iCELL** - The iCELL element in the heel area improves cushioning while enhancing the shoe's stability, guidance and comfort. It protects the foot against shocks and bumps in the heel area thus reducing fatigue to joints.
- **PUMA DISC SYSTEM** - Press, turn and the shoe sits perfectly on the foot - permanently. The precisely adjustable twist lock of the PUMA DISC lacing system is as simple as it is ingenious. If you pull on the fastener, the laces come loose. Another advantage - operable with gloves.
- **FLEXIBLE ANTI-PERFORATION** - The flexible anti-perforation midsole made from para-aramid synthetic fibres offers ultimate protection of the foot from sharp penetrating objects.
- **EVERCUSHION® CUSTOM FIT MID** - The breathable, moisture-regulating, anatomically shaped insole cushions optimally with every step. The specially coordinated arch support enables the foot to be positioned naturally in the shoe and stimulates the muscles when walking.
